

## Kent Acquired Brain Injury Forum

7<sup>th</sup> September 2012

Dr Mohamed Sakel  
Consultant in Rehab Medicine  
East Kent Neuro Rehab Unit  
Kent and Canterbury Hospital  
Ethelbert Road Canterbury  
Kent CT1 3NG

Dear Dr Sakel

### Presentation at KABIF meeting 6<sup>th</sup> September 2012

Thank you for your valuable time and participation in the above meeting yesterday. Feedback from KABIF members were positive and the audience were very interested and said they got valuable information.

You must have deduced from my question yesterday I was intrigued about the Intelligent Chair. This is such an innovative idea and given the right support for development this equipment will be a tremendous piece of assistive technology for patient with complex mobility issues. This has to be the way forward.

Congratulation to get this EU research grants for this project SYSSIAS.

I would welcome the opportunity to discuss with you about how we can be of help to bring this to the forefront of our agenda within the brain injury services in Kent and nationally

Again thank you for your contribution.

With kind regards

Tanesh
